

Get a Flood Insurance Quote!

Here's How It Works

1. Submit an application for any of the following Community Associations products on the Broker Connect portal: Package, Umbrella, D&O, or Crime.
2. After an eligible submission, you'll see an option on the Thank You page to add Flood insurance.
3. Click the link provided (see image below) to be redirected to a Wright Flood landing page and quoting platform, operated by Wright Flood.
4. Complete the Flood insurance application directly on their page—no additional login required.

Note: The Flood insurance option will only appear on the Thank You page after an eligible submission.

FAQs

What if I already do business with Wright Flood?

No problem at all—your current business with Wright Flood won't be affected. You can choose to sign in as you normally do or access Wright Flood after an eligible Community Associations submission on the Distinguished portal. The only difference is that if you go through the Distinguished portal, commissions will be paid by Distinguished on behalf of Wright Flood, at the same 15% commission rate. For commission questions, please contact Distinguished directly at **888-355-4626**.

How does billing work?

Billing is handled directly through the Wright Flood portal—flood coverage cannot be bound until payment is made. If you access Wright Flood through the Distinguished portal, a 15% commission will be paid by Distinguished on Wright Flood's behalf. For any commission-related questions, please contact Distinguished at **888-355-4626**.

Where can I find my Flood policy documents?

Flood insurance policies are accessible on the Wright Flood portal. They are also sent via email to the brokerage's primary delivery address listed under *Agent > Agt. Maintenance > Document Delivery*. If you'd like to update the primary delivery address, please note that the change will apply to all users within your brokerage. For questions, please reach out to Wright Flood directly at **800-820-3242 (Option 5)**.

Need Help?

For questions about flood insurance or the application process, please contact Wright Flood directly at **800-820-3242 (Option 5)**.
