

Property Reinsurance

Distinguished's Property Reinsurance program is led by a team with 20+ years of collective underwriting expertise across complex property risks and industries. We partner with brokers (ceding companies) to deliver tailored solutions that manage volatility and protect portfolios. Backed by strong financial strength and global reach, we offer coverage limits crafted to meet our cedants diverse needs.

Program Highlights:

- Capacity: Up to \$50 million per risk
- Availability: U.S. domiciled risks and, if applicable, incidental worldwide property schedules
- Insurer: Antares Re (AM Best rated "A-")
- Customizable and tailored solutions

Why Distinguished?

Experienced.

Global capabilities with strong financial strength and technical underwriting knowledge.

Specialized.

Expertise across Property, Inland, Construction, Engineered, Machinery Breakdown and Energy.

Innovative.

Tailored and customized reinsurance solutions.

Focus on our long-standing direct client (ceding company) and broker relationships.

Appetite:

Individual Risk

- XOL Reinsurance
- Direct from Ceding Company and Broker
- Variety of commercial and industrial occupancies
- Single or multi location
- U.S. domiciled accounts
- All perils, or single peril carve-outs
- Inland Marine

Engineering

- Technical and heavy industrial risks
- Construction All Risks
- Power and Utilities
- Machinery Breakdown

Automatics

- Desire by Insurers to bundle capacity
- Homogeneous portfolios
- Non-proportional structures
- Pre-rated pricing
- Automatic or prior-submit capacity options

Cat

- Limited appetite for Critical Cat
- Smaller capacities than for fire, depending on exposure and attachment point
- Single peril carve-outs
